BLADE- BLACK AMERICAN DEFENSE ORG, @blackdefenseorg, @blade, WILL NOW START WORKING TO DEFEND AND PROTECT ALL BLACK AMERICANS AND AFRICAN PEOPLE!

-

This has become very sickening and intolerable!

-

No week passes without some sad news about more attacks on black Americans/African Americans.

-

It is obvious black Americans,/African Americans will never depend on American legal system for true Justice.

-

The time for concrete action has come or there will be even bigger carnage and injustice in the future.

-

A bully never stops until you stand up and face him and fight to death and vanquish him.

-

Black Americans/African Americans have never understood this or are in denial. We must overcome great odds to survive.

-

We have a bitter and mighty battle to fight or soon we could quietly be wiped off this planet so that they will easily take over your continent that is overflowing with oil and abundant mineral and natural resources that they need.

-

They have created many dangerous weapons of mass depopulation, tested and perfected them and ready to be used!

-

Only Malcolm X and Farrakhan understood. Only the strong and well-armed survive and will continue to survive in the world.

-

The weak shall perish!

-

Adapt or perish!

-

As the Bible said, he who has not, even the little he has will be taken away and given to he who has more!!!

-

Ponder the meaning, Africa and African Americans and come back to your senses.

-

Stop being weak and cowardly!

-

BLADE is going to work hard to protect black Americans, Africa and Africans globally and to reconfigure and re-empower Africa for survival and to achieve its destiny that has been delayed and hijacked by its detractors and enemies!

-

BUT ALL AFRICANS AND BLACK PEOPLE MUST JOIN IN THIS EFFORT BECAUSE THE DANGER WE FACE WILL NOT SPARE ANY OF US!

-

Black Americans, African Americans and African blood are no longer cheap to be shed by enemies of black people!

-

The lives of black Americans and Africas matter, and we must put an end to black American genocide and the depopulation of Africa going on!

-

Black Americans and Africans globally must start having discussions in every community and City to share and implement ideas on how we can help one another to defend and protect ourselves!

-

PEACE!
